**ABOUT WINSTON’S WISH**

100 children lose their Player 2 every day in the UK – this could be a brother, sister, mum or dad.

Every child deserves the chance to live a life filled with opportunity. We want every child who faces the devastating loss of a loved one, to still achieve their ambitions and dreams.

Without support, the outcome can be bleak for children who have been bereaved, with a long-term impact on their mental health. However this doesn't have to be the case.

Every time we answer a call, train a teacher, walk alongside a worried parent or sit opposite a child who is struggling following a bereavement, our purpose is the same – to give every grieving child a fighting chance.

**WHERE YOUR MONEY GOES**

By choosing to fundraise for Winston’s Wish, you choose to trust that we will use your money to support those who need us most. Your belief in our work really matters. Whatever you are able to raise, you are making a real difference and allowing us to be there for grieving children and families.

**HERE’S HOW YOUR MONEY COULD HELP:**

- **£56** could help us provide 2 children with all of the tools and materials they need at home before working virtually with one of our professional practitioners.

- **£100** could help us answer the desperate call of 14 children who are looking for someone who can listen, who knows what to say when it’s time to talk and who can act when they need our help.

- **£500** could allow us to offer one-to-one support to a child, helping them to cope with their grief and learn how to face the future with confidence and hope over a course of 6 months.

Thank you so much for your support!
